## Fruits of Employment

## What are the benefits of working?

According to Raymond Allen the benefits to working are, "making money, meeting new people, learning new skills, and learning to budget to get things I want."

Joe McHugh had this to say about work: "It keeps me busy, I can earn money for things I need and want. It helped me build other skills, and right now I'm saving money for a car."

Sunita Hooley's had this to say about why she works: "I like doing different jobs. I get to try new things, I like making money, to buy Christmas gifts for my family and friends. I also love wrapping the gifts. My dream job is to be a teacher's aid."
