Secure Shred Nets High Production and Environmental Contributions

LIMA, OHIO – Marimor Industries, Inc.’s document destruction division, Secure Shred, recently surpassed 2.75 million pounds of documents confidentially destroyed and recycled. Secure Shred is housed at Marimor Industries, Inc., located at 2450 Ada Road, Lima, OH with hours of operation from 8:00 a.m.- 4:00 p.m., Monday-Friday.

Begun in 2004, Secure Shred has expanded to provide services to all types of businesses, organizations and individuals in an eight county area. The work completed through Secure Shred not only provides vocational opportunities for individuals and revenue for Marimor Industries, but also makes a tremendous positive environmental impact. The 2.75 million pounds of paper that was recycled translates to a savings of 23,375 trees, over 9.5 million gallons of water and approximately 4,125 cubic feet of landfill space.

“While we are certainly thrilled with the economic benefits of our program,” said Angie Herzog, Marimor Industries, Inc. Director, “when you make a real world comparison with some of those “green numbers” the results are staggering. For example, the amount of trees saved would forest 34 acres of land and if you asked a swimming pool builder to build a pool that would hold nearly 10 million gallons of water, when finished the pool would be 2670 feet long, 500 feet across and 100 feet deep.”

Marimor Industries, Inc. is a non-profit corporation that provides training and employment to individuals with Developmental Disabilities in Allen County. The training is accomplished by securing subcontract work with business and industry. The Secure Shred division offers confidential shredding with industrial capabilities. The driving forces behind these efforts are the agency’s volunteer board members, as well as staff and families. Marimor Industries, Inc. Adult Services offices are located at 2450 Ada Road, Lima, Ohio. Additional information can be found at www.marimorindustries.com.
