WE ARE
HIPPA
AND
RED FLAG
RULES
COMPLIANT

The Health Insurance Portability and Accountability Act of 1996 contains a privacy rule that affects many organizations. If you are a medical provider, insurer, or related entity it is essential that you find out whether or not you are covered by this rule.

Marimor Industries, Inc. is a HIPAA-compliant company. Please understand that we are not HIPAA consultants; we deal only with secure shredding and digital imaging through our Secure Scan and Secure Shred businesses. Our processes and procedures assist with HIPAA compliance and using our services will meet your needs for secure records management and destruction. After each shredding, we provide our customers with certificates of destruction, which they receive at the time of billing.
