SOLUTIONS THAT WORK FOR YOUR BUSINESS

FLEXIBLE SERVICES FOR YOUR BUSINESS NEEDS

Marimor Industries, Inc. offers a large workforce trained in quality processes, providing solutions and support in the following areas:

Production:

From part and kit packaging to product sorts and assemblies, you can depend on Marimor Industries, Inc. to help your company meet its production deadlines.

- Individual quality processes for each job.
- Strategic location near I-75.
- Pick up and delivery services.
- Industrial standard loading docks.
- Shipping capabilities.
- Over 32,000 square feet of secure production and warehouse space.

On-Site Work Crews:

With over 200 individuals, we have the right people available to come to your site(s) to complete your projects and supply solutions to your short, or long term staffing needs.

- We will supply the labor.
- We will provide transportation.
- We will provide the supervision.

Our crews will bring the commitment and quality to you, so your job gets done, done right and done on time!

Clerical:

Save time, money and office space when you partner with Marimor Industries, Inc. for all your labeling and collating needs.

Marimor Industries, Inc. is an ISO 9001:2015 Certified company. Marimor's registration covers the provision of light assembly, sorting, labeling, packaging, collating, mailing services, rework inspection, document destruction and digital imaging/scanning.

Document Management

Secure Shred:

Our Secure Shred division offers confidential shredding with industrial capabilities. Through the shredding and recycling of your documents, you're protecting your customers, your business and the environment. Whether you shred once a week, or once a year, count on Marimor Industries, Inc. for friendly and courteous service.

Marimor Industries, Inc. is a Member in Good Standing with The International Secure Information Governance and Management Association (i-SIGMA)

Secure Scan:

Our Secure Scan division helps you control the life cycle of the documents in your organization, how they are created, reviewed, published, consumed and how they are ultimately retained. This program is the key to managing your mountains of documents easily, efficiently and effectively.
