

SECURE SHRED

HOW ARE YOU DISPOSING OF YOUR DOCUMENTS AND HOW MUCH IS IT REALLY COSTING?

SHREDDING YOUR OWN PAPER?

- No matter if you are a small, or large business the amount of money already Invested in printed paper alone is staggering. Add in the hourly wage of your staff person doing the shredding. Could their time be spent in more productive and profitable tasks?

USING SOMEONE OTHER THAN SECURE SHRED?

- Are you locked into a regular pick up schedule even if you don't require it? Are you charged the same rate no matter even though the amount you have varies between pick ups? Are you paying an inflated fee for pick up, or on-site service?

STORING THE DOCUMENTS?

- What is your monthly rental for storage? Are the documents secure and are you confident they cannot be viewed by others?

TRASH?

- All appropriate material is recyclable and recycling benefits the environment.
